Colorbond™ XPD
PEARLESCENT

FOR BUILDINGS THAT LOOK STUNNING

**BLUESCOPE
STEEL**

The stunning aesthetic qualities of Clean COLORBOND™ XPD Pearlescent steel make it the ideal complement to your most prestigious building designs.

Clean COLORBOND™ XPD Pearlescent steel has been developed by BlueScope Steel to provide a highly decorative alternative while maintaining premium colour durability.

When you want to look your best, it is by far the best choice.

THE INNOVATIVE
DESIGN CHOICE

Designing with the power of light

The distinctive surface of Clean COLORBOND™ XPD Pearlescent steel draws on the environment and surrounding structure, enabling you to enhance your prestigious building designs with subtle yet dramatic effects, endless nuances and dynamic changeable qualities.

The effect of lighting over the mica particles of the metallic finish provides a unique perception of depth. The particles create a striking effect as the appearance of the painted surface looks different depending on the lighting condition and viewing angle.

The beauty and durability of metallic colours.

Clean COLORBOND™ XPD Pearlescent steel has been specifically developed for applications that demand the ultimate performance in both long-lasting colours and gloss retention. Clean COLORBOND™ XPD Pearlescent steel provides the solution to an aesthetically pleasing building and provides the flexibility to meet the requirements of your architectural designs.

From curved to straight surfaces, on profiled or flat panels; Clean COLORBOND™ XPD Pearlescent steel can define and strengthen the individual character of each and every building. It has been proven that Clean COLORBOND™ XPD Pearlescent steel is an exciting and powerful tool with the subtlety to enhance building designs.

Clean COLORBOND™ XPD Pearlescent steel goes beyond just exceptional aesthetics. It also provides superior dirt resistance as rain easily washes off dirt before it can stain the building. Also superior paint performance and superior corrosion resistance. Moreover, you can choose from an extensive range of colours to suit different individual's taste.

When you request Clean COLORBOND™ XPD Pearlescent steel, you not only benefit from BlueScope Steel's expertise, but you can have peace of mind because it is backed by a BlueScope Steel warranty.*
